

Georgia Department of Community Affairs
CHIP
Match Contribution

Applicant: _____

Although not required for this program, your program design may generate match contributions associated with its implementation assistance to HOME-funded units. Applicants claiming match should review the HOME regulations at 24 CFR Part 92 and the implementing Notice CPD 97-03 for guidance. If no match will be generated, indicate \$0 in the Total Match Generated line.

Applicants proposing a contribution of match should identify the source of the match contribution and the amount provided per household, and any third-party documentation available confirming the availability of the match contribution for your program.

NOTE: As stated on page 35 of the CHIP Program Description, any applications that receive points for their proposed match contribution must provide the stated match contribution in the delivery of their program.

Cash or cash equivalents from a non-federal source: _____
